Comment. Compared with observations in early January, the information does not indicate any change in the distribution of units of the 12th Gds Tank Div in Neuruppin prior to 21 January. The information fails to indicate in the See Kaserne the 186th Gds Sig Bn of the division which, since recently, has been carried there. Weapons observed confirm the 75th AAA Regt and the 226th Fort Regt in the Friedrich Franz Kaserne and the See Kaserne respectively. Unit Yakov in the hospital on Neustaedterstrasse is mentioned for the first time.
